Dear Josh,

Many thanks indeed for sending me the suggestion of what I presume is Seymore Cohen as a possible participant for the Institut de la Vie Symposium. It is curious that his short article contains ideas extremely similar to those which we are developing with Graham Mitchell here in the Hall Institute. We should certainly keep his name in mind for our eventual list.

With all best wishes and thanks a lot for your help in this matter.

Yours sincerely,

G.J.V. Nossal
